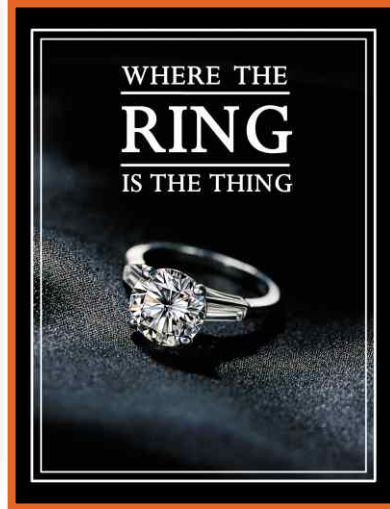

Image 2

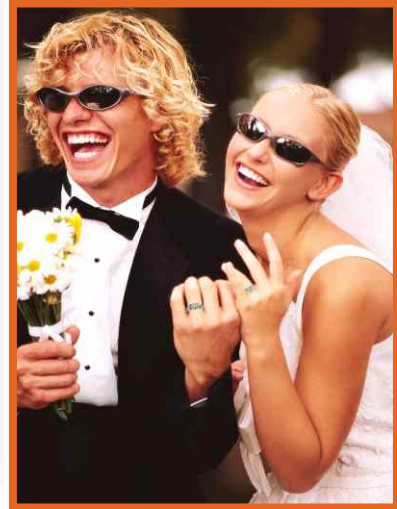

Image 3

### key features:

Our I.P.O.P. (Interactive Point Of Purchase) is great for displaying two to five images at the same time. As the viewer walks by the graphic, the images appear to flip from one image to the next. This is great for telling a story between the images or simply showing multiple images in the same graphic.

### technical information:

Because of the lenses there are restrictions on the sizes available.

Sizes available:

16" w X 21" h

22" w X 28" h

32" w X 42" h

Satin-anodized aluminum frames are available in each of these sizes.
