

Outdoor lightbox

Indoor lightbox

Slim Edge Light Pad

key features:

Our collection of backlit lightboxes is unmatched in quality and design. We offer many different size lightboxes that would fit your needs, including the indoor lightbox, which is ideal for in-store signage.

The outdoor lightbox is a great solution for empty exterior walls and helps maximize valuable advertising space.

The Slim Edge Light Pad (SELP) works well for a countertop display or for in a window at night while taking up very little valuable space.
