

printing

Printing:

With the latest in printing technology, we are able to print just about any graphic needs you have. These wide-format, digital printers are able to print on transparency film, vinyl banner material, as well as photo-matte, photo-satin or photo-gloss poster papers. Kodak media and inks are standard for printing our graphics. Special UV protected Kodak inks are used on our outdoor graphics. Lamination and mounting to foam core, gatorboard or sintra are also available. We print all of the standard size graphics, as well as any custom size that you might need.
